

WUNDER KEYS

NOTE READING ACTIVITIES

- 1 To begin, players use pennies to cover all of the note images on the game board (one penny per note).
- 2 Next, Player 1 removes two pennies from the game board. If the revealed notes represent a skip, Player 1 keeps the pennies and plays again. If the revealed notes represent a step, a leap, or a repeat, the pennies are returned to the game board and Player 1's turn is over.
- 3 Player 2 performs Step 2. Players continue alternating turns until one player collects **six** coins and wins the game.
