

WUNDER KEYS®

RHYTHM READING ACTIVITIES

- 1 Roll a die and then write the resulting value in the star closest to the spaceship. Roll again if the die displays a "5" or "6".
- 2 Roll the die **three more times** and write the resulting values in the three subsequent stars that rest on the path between the spaceship and the moon. You have now created your Rhythm-Reading Road Map.
- 3 Clap the rhythms below the image in the order of the Rhythm-Reading Road Map generated in Steps 1 - 2. Next, create a new numbered path and clap the rhythms again!
