

WUNDER[®] KEYS

PRIMER NOTE READING

- 1 Sit on the floor with two dice, colored dot stickers, and a piano book opened to a piece with many bass clef notes.
- 2 Roll the dice and add the resulting value. Find the measure in your piano piece that matches the number rolled (roll again if a matching measure is not available or if the measure does not contain a bass clef note). Use a colored dot sticker to cover a note name on a balloon that matches the first bass clef note of the measure. If a matching note name cannot be found the turn is over.
- 3 Repeat Steps 1 - 2 ten more times. How many note names on the balloons were you able to cover?
