

Santa's SIGHT READING SCRAMBLE

- 1 Santa's sleigh has hit turbulence! All of the presents are out of order. Can you help him calm his Christmas chaos?
- 2 Your teacher will point to Box 1 below. With your RH 1 on Middle C, can you play the measure? Play again with three more measures.
- 3 When you played the measures in Step 2, did the music remind you of a holiday song?
- 4 Beginning at the box marked with a "1" and ending at the box marked with a "8", use a pencil to draw a line that connects the measures of music in the order they should be played to correctly recreate the song named in Step 3.
