

Pick-A-Path Sight Reading is one of the many technical exercises included in WunderKeys Elementary Piano Lesson Book 2A.

In today's printable we've taken this technique and incorporated it into a piano solo for your level 2A students.

LEVEL 2A SIGHT-READING SOLO

The middle section of this piece has been replaced by a sight-reading challenge. When you reach this section, play the four measures of music that rest on the dotted path before playing the final two lines. Next, I will draw a new four-measure path. Follow this path when you play the piece again.
