NOTE READING ROAD CREW

NOTE READING ROAD CREW

1. Let's build some Note Reading Roads!
2. To begin, the student places one penny over each yellow game square.
3. Next, the student chooses a penny, names the note underneath, and then slides the penny along the game squares that contain the matching note. The penny cannot skip over any game squares. For example, if a penny is resting on F in the bass clef, the student slides it from **F to F to F**.
4. Once the student slides the penny onto a square with a black arrow, it is removed from the game board.
5. The student repeats Steps 3 and 4 for the remaining pennies on the game board.
