NOTE READING

1. To get started, you will need the activity sheet, the playing cards, and pencil crayons.
2. First, shuffle the cards. Remove the top card and name the note on the back.
3. Next, on the activity page, locate the note name corresponding to the note image on the card from Step 2.
4. Follow the drawing instructions next to the note name located in Step 3.
5. Repeat Steps 2 to 4 fourteen more times. *Note: Do not worry if your flowers end up with too many petals or too many leaves. This is supposed to happen and makes your garden scene unique!*
6. Color your garden scene and share it with your teacher.
