# LOVE BUG

# DRAW-IT

## NOTE READING

1. To get started, you will need the activity sheet, the playing cards, and pencil crayons.
2. First, shuffle the cards. Remove the top card and name the note on the back.
3. Next, on the activity page, locate the note name corresponding to the note image on the card from Step 2.
4. Follow the drawing instructions next to the note name located in Step 3.
5. Repeat Steps 2 to 4 fourteen more times. *Note: Do not worry if your Love Bug ends up with too many wings or too many antennae. This is supposed to happen and makes your Love Bug unique!*
6. Color your Love Bug and share it with your teacher.
