

Boo Bells turns note reading into a hilarious contest of speed—match the notes, shout BOO, and grab the cards.

HOLIDAY NOTE READING

BOO BELLS

1. To begin, players decide who will be Player 1 and who will be Player 2 and then sit opposite one another.
2. Player 1 shuffles the deck of Halloween Cards with the note images. Player 2 shuffles the deck of Christmas Cards with the note names.
3. On the word "Go!" the players flip over the top cards of their decks and place them face up on the table.
4. The players check to see if the note name matches the note image. If a match is found, both players race to shout "BOO!" The first player to shout "BOO!" collects the cards and scores a point. If a match is not found, both players continue flipping their cards at the same time.
5. Play continues until one player scores five points and wins the game. If all cards are played before a winner is determined, the cards are shuffled and play continues.
