

In this enchanted game of chase, intermediate teens reinforce ledger line note reading in D Major and B Minor as they race around the board trying to catch their opponent.

**INTERMEDIATE NOTE READING**

# How To Play

## Stolen Rose Note Reading | V. U. Level Y

### Players

Two players

### Materials

- One laminated game board
- 18 playing cards
- Two dice
- Two game markers

### Game Objective

*Musical Objective:* To reinforce ledger line note reading in D major and B minor.

*Game Objective:* To land a game marker on an opponent's marker.

### Setting It Up

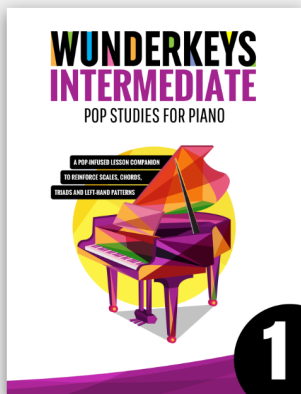

Players should sit side by side with the game board placed in front of them and the deck of cards set to the side. Each player should have a die.

Player 1 places their game marker on the circle marked with a "1" and Player 2 places their game marker on the circle marked with a "2".

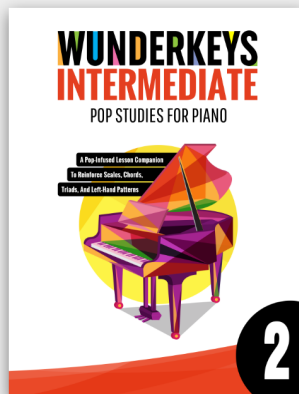

### Playing the Game

1. On the count of three, either player flips over the top card of the deck to reveal a note image and a note name.
2. At this point, the game becomes a race. Step 3 is explained using Player 1 as an example, but both players perform it at the same time.
3. Player 1 decides whether the note name correctly matches the note image. If it does, they attempt to roll a "1" on their die. If it does not, they attempt to roll a "2."
4. The first player to roll the correct number wins the round.
5. The winning player rolls their die again and moves their game marker clockwise around the circles on the game board.
6. Steps 1–5 are repeated until one player lands their game marker on the same game circle as an opponent's marker, thereby "catching" them. At that point, the game ends, and the player who landed on the same circle wins.
7. Note: If all cards in the deck are used before the game is over, shuffle the cards and continue playing.
